Subject: Glitch in DC trip

All,

We were very disappointed to read in the Sacramento Bee today that Westlands and others supplied letters of support for Sen. Demint's end run amendment to the Interior appropriation bill. This type of tactic makes it impossible for us to participate in the joint DC briefings and convey the message that we are all working in good faith to solve Delta issues.

Ann and I have conferred and being that the meetings have been scheduled, and travel booked, we intend to participate in the meetings and will express our disappointment and sincere doubt that the BDCP can continue as a forum for good faith negotiations.

Agree would be good to include all 3 fish agencies.

I have another dinner function on Tue nite - you should go ahead without me.

Thanks.
